TEAM 7 loves wood and innovative designs. The wall panelling Waldkante ('Forest Edge') by TEAM 7 makes it possible to live in nature. Manufactured from top-quality, untreated, natural oak, alder or walnut wood it makes for an exceptional, innovative look harmoniously corresponding to other timbers of the furniture or creating a captivating contrast with glass, stone and metal surfaces. Individual, hand-picked elements give this wall panelling a fascinating, unique texture for an optimal effect in every room. This unique and intriguing surface structure creates more optical flavour in the kitchen and the dining room. In the living room and the bedroom it forms a decorative and actively healthy living space for perfect, natural wellbeing.
